I should have sat next to you to better coordinate, sorry! Who at WHO can we coordinate with on the action agenda at this point? I don't want to go around you and Tracy as you handle this. Kate will need an update to discuss with John, and a text update would be most effective. I also don't want to give an inaccurate description of state of play, per my question below.

Thanks also very much for the remarks copy. I added back in ink the if-needed point that we had in last version, so all set.

Hi Megan - Just to clarify, was the specific language that I floated yesterday around noon with you shared with WHO, or just the previously-shared (with WHO) text? I understood the former but realize I might be mistaken. Thanks.

Also you may have noticed Maya sent further edits last evening to Jane's points. We did the cleanup so I may send to you if you are able to print the doc? Or I may be able to use bus center here, will let you know. Thanks!

Good evening,

Please see below for the follow-up email we just sent to the WHO, as we'd discussed together following this afternoon's meeting with Maria Neira.
